# Current Issues

AFRC follows active Air Force training requirements, our primary issues are related to the delivery of DL/ADL to our members to include:

- **Policy & Guidance**
- **Funding**
- **Pay & Compensation**
- **ADPE Support**
- **IVT Delivery System**

# AFRC Success Stories...

## STRATEGIC PLAN TO SUPPORT DISTANCE LEARNING

* A roadmap that clearly depicts AFRC's direction for DL/ADL

* A results oriented plan driven by objectives and goals

* Clearly identifies the end product of the overall process

* Central theme revolves around mission and vision statements

# AFRC Success Stories...

**Computer Based Testing Requirements Policy Memo**

* Developed to fill gaps where there is little or no policy in

existence

* Specifies when and how automated data processing equipment

(ADPE) may be used in support of automated test administration

* Establishes ADPE system standards necessary to support

# AFRC Success Stories...

## AFRC Distance Learning Guide

* Developed to supplement to the Distance Learning web site
* Detailed information to develop & manage a DL program
* Tailored specifically for Air Force Reserve personnel
* Available on the Education & Training Web Site

# AFRC Success Stories...

## HQ AFRC EDUCATION & TRAINING WEB SITE

* Provides information directly to the field on DL programs and

provides a means for direct feedback to the HQ

* Informs personnel of current programs, policies, and initiatives

* Direct Internet links to information needed to manage a DL

# AFRC Success Stories...

## Funding for DL

- New PE - 58159
- Preparing for future

# AFRC Success Stories...

## AUTOMATED TESTING CAPABILITY

Command purchase of computer systems for Wing/Base Education & Training Offices to support automated testing requirements :

- CLEP & DANTES testing
- PME testing
